# To the teacher

*Workbook A of Streamline English Departures* consists of forty units. Each unit relates directly to the equivalent unit in *Streamline English Departures* units 1–40.

The *Workbook* is an optional element of the course, designed to provide language summaries and additional written exercises. It may be used in the following ways:

- 1 In more extensive courses as additional classroom material, providing extra oral practice and written reinforcement and consolidation of the basic core material in the student's edition.
- 2 As material for homework in more intensive situations.

The *Workbook* should only be used after full oral practice of the corresponding unit in the student's edition. The language summaries provide material for revision.

A further workbook is available for units 41–80 of the student's edition, under the title *Workbook B*.
