

- Work in pairs. Student A use *only* the white squares; Student B use *only* the grey squares.
- Spend 5 minutes looking at your questions and revising the answers using the Student’s Book.
- Take turns tossing a coin: Heads = move one of your squares; Tails = move two of your squares.
- When you land on a square, your partner looks at the page in the book to check your answers, but *you don’t!*
- If you are wrong, your partner tells you the right answer, and you miss a go.
- When you’ve finished the game change roles and play again.
