## Notes for teachers and parents

*Read It Yourself* is a series of graded readers designed to give young children a confident and successful start to reading.

*Level 1* is suitable for children who are making their first attempts at reading. The books are written in a very simple way using a small number of frequently repeated words. The sentences on each page are closely supported by pictures to help with reading, and offer lively details to talk about.

## About this book

- The opening pages introduce some famous pirates.
- Every page starts with a repetitive phrase to help beginner readers to start the sentence confidently.
- Talk about the the labelled pictures which highlight important information. Labelled pictures are a feature of fact books.
- Some children find the concepts of history and time difficult to grasp. Try asking questions to help them. What did pirates wear then? What do we wear now?
- The practice of pirates burying treasure is largely myth although there is evidence of some pirates, such as William Kidd, doing this. Most pirates shared treasure.
- Use the question at the end of the book for discussion.
- Try using the simple index at the back of the book. We use an index to help us find the page of the topic we are interested in.

*Beginner readers need plenty of help and encouragement.*
