3 Work in pairs. Take turns to say sentences about what you think would make a perfect school. Use the words in the 'Teachers ...' and 'Students ...' tables below followed by verbs in the infinitive or in the *-ing* form.

In a perfect school ...

Teachers ...

allow ...
always help ...
remember ...
avoid ...
let ...
like ...
don't make ...
agree ...
stop ...
try ...

In a perfect school, teachers should **allow** students to take as much time as they need to finish their exercises.

Students ...

always decide ...
enjoy ...
can tell ...
never seem ...
learn ...
can ask ...
remember ...
finish ...
can suggest ...
don't forget ...

I think that in a perfect school, students **can ask** teachers to have a longer or shorter lesson, depending how tired they feel.

Great idea. Then they **can** also **tell** other students not to help them, even if they need more time to do an exercise or answer a question.

Swap roles so the student who suggested what teachers should do in a perfect school, will now suggest what students should do.

In the same pair, think about what else a perfect school should have. Use verbs in the infinitive or in the *-ing* form. Choose from the topics below or think of your own ideas.

- Sports
- Food
- Uniform
- Travel to / from school
- After-school clubs
- Holidays
