## READING

### A magazine interview

1

IRINA What do you like about camping?

MAI We love to get away from it all. The pace of life is relaxing – it's a pace that suits us, whatever your destination.

IRINA Ten years from now, will you still be camping?

MAI Yes, we'll be doing the same as we're doing now. It's the perfect escape from modern life. We especially like to choose somewhere off the beaten track. The more hi-tech our lives become, the more popular camping will be.

2

IRINA What type of holiday will you be enjoying ten years from now?

ROSA I'll be doing the same as last year. I don't think anything will change.

IRINA How about going to the Moon?

ROSA I won't be travelling to the Moon. I'd like to go to a warm, sunny place with places of interest for my holidays.

IRINA Will you still be taking holidays in the same place?

ROSA Yes, I'll be swimming in the sea. I won't be flying around with my jetpack at a holiday resort on the Moon. And you can't do much sightseeing there, either. For me, it's a holiday in the sun, not among the stars.

3

IRINA What type of holiday will you have ten years from now?

DAN I'll be sitting in my living room, enjoying a virtual holiday. I won't be worrying about peak season prices.

IRINA Would you go to the Moon?

DAN Yes! I'm going to sign up for space travel as soon as I can. But I'm going to wait until it's cheap enough. I can't afford the prices just now.

IRINA How about a holiday under the sea?

DAN That sounds cool. There are going to be plenty of different and exciting opportunities in the future! But how much is it going to cost?
