STUDY TRIP ABROAD

Whether you're planning to study abroad for a month, a term, or longer, you need to think about what to do before you set off.

1 Passport

It needs to remain valid for the whole time you are away. Some countries ask for at least six months remaining on it after you've finished your studies so you have to make sure you allow enough time, especially if you are travelling to other countries after your studies.

2 Money

Only carry as much as you need for the journey to your destination and the first couple of days. You'll be needing to draw small amounts of cash throughout your stay so make sure you set up an account you can access when abroad, using a debit card.

3 Student visa

You'll need to apply for one, before you leave, from the embassy of the country where you are going to study. You will need a letter from your place of study, passport, proof of funds and a return travel ticket, so be organised.

4 The International Student Identity Card

With the ISIC, you can get discounts on products and services around the world, like travel insurance and public transport. The International Student Travel Confederation (ISTC), which produces the ISIC, has 5,000 offices in over 200 countries worldwide, helping over ten million students every year.

5 Travel insurance

If you are ill, injured or the victim of theft, you are definitely going to need to use it, so make sure you are adequately covered. The ISTC can help arrange competitively priced insurance.

6 Medical requirements

Depending on your destination, make sure you have had all required vaccinations and order any prescription medicine you are on in advance. It may be wise to have a full medical examination before leaving.
