

## Get Culture! A school festival

### Step 1

Work in groups. What festivals are there in your school? What festivals would you like to have? Discuss. Use the words in the box or your own ideas.

books	films	cartoons	theatre	comedy	street art	music	dance
-------	-------	----------	---------	--------	------------	-------	-------

### Step 2

Choose a type of festival you would like to have in your school and make a video invitation. Plan your video.

Decide:

- who is in each scene,
- where each scene is,
- what props you need for each scene,
- who films the video.

### Step 3

Write your script and learn it. Use these questions and ideas to help you.

- Where and when is the festival?
- What can people do there?
- Why is it special/fun?
- Can you meet anyone famous?

The ... festival takes place in ... (name of the place) in ... (month).

You can watch ... / listen to ... / eat ...

You can meet ... at the festival. He/She is a famous ...

#### TIPS:

- Use props and costumes.
- You can film a scene again if you make a mistake.
- Your video should be 2–3 minutes long.

### Step 4

Share your videos with the class. Vote for the most interesting invitation.
