### Two-minute presentations

**You are going to give a short, two-minute talk on one of the topics in the lists below. First, choose a topic and spend five minutes thinking about what you are going to say. Look back at your notes to check language if you like.**

**Then work in groups. Give your own presentation and listen to the other students' presentations in your group. Give each other marks out of ten for language, interest and clarity. Who got the most marks?**
