

## The Great Grammar Puzzle

Work in pairs and do the Grammar Puzzle. Start on the IN square. Are the sentences correct or not? Correct? Then follow the ✓ arrow. Not correct? Then follow the X arrow. Can you get out in ten minutes?

## 6 Grammar Review

**Aims:** To review and practise grammar from the unit. This can be completed when students have finished the unit.

**Time:** 15–20 minutes

**Materials:** 1 handout for each pair of students

- Explain that they are going to do a grammar puzzle and that it is a race. Give each pair a handout face down.
- Explain that they start at IN and decide if each sentence is grammatically correct or not. They then follow either the correct or incorrect arrow and work their way through the puzzle.
- When they are ready, they can start. The first group to finish should put their hands up.
- To complete it successfully, students will have to visit every square (except 1, 2, 6 and 9) to get out.
- The first pair to do it successfully wins.
- When everyone has finished, check the answers with the class.

### KEY

IN My grandfather worked in a school. ✓  
↓  
14 My cousin married a Czech man. ✗  
↓  
8 We visited London last weekend. ✗  
↓
