### 4 Circle the correct words to complete the text.

#### An evening in the cinema

The worst thing about going to the cinema is the horrible noises other people make during the film. There is always somebody who <sup>1</sup>**coughs** / **sniffs** / **sighs** really loudly, without covering his mouth. Then there's always the person who <sup>2</sup>**gasps** / **snores** / **slurps** his cola instead of drinking it quietly. I hate that, and I'm always very quiet myself. Once I started <sup>3</sup>**hiccupping** / **sighing** / **clearing**. I don't why. Perhaps I had been eating my popcorn too quickly. But instead of making lots of noise, I left the auditorium and got a drink of water, and only returned when I felt better. Actually, one thing that is more annoying than noisy people is my dad. He gets so irritated with people making noises that he turns round in his chair and <sup>4</sup>**tuts** / **gasps** / **slurps** at them. He doesn't ask them to be quiet. He just looks angry and makes a noise. It's so embarrassing. And then, of course, if the film is long or boring, he falls asleep and starts to <sup>5</sup>**snore** / **sneeze** / **sniff**.
