People who help us

There are lots of people who help us at home, at school and outside.

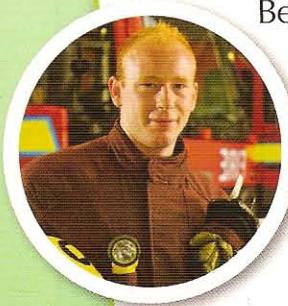

Some people who help us wear uniforms. Uniforms are special clothes people wear for their work.

Ben is a firefighter. He needs to wear a black uniform for his job. He sometimes works in the day, and sometimes at night. Some weeks he works on Saturdays and Sundays. He gets up every day at six o'clock.

He has breakfast and a shower at the fire station where he works. Sometimes he even sleeps there!

Every day is different for Ben. Firefighters help lots of people. They stop fires in houses and other places, they help people in accidents and sometimes they even help animals on farms.

An interesting animal

An interesting island

An interesting painting

A habitat is the name for a place where animals and plants live. Let's look at the habitats on one island.

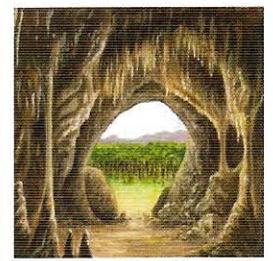

Madagascar is an island in the Indian Ocean. It's older than all the other islands in the

world! Many plants and animals only live there, not in any other place. You can see waterfalls and mountains and there are caves under the ground.

A big jungle grows in one part of the island. It's very hot. Monkeys, snakes, parrots and other animals live there. Monkeys and parrots live in the trees and snakes live on the ground under rocks, but sometimes they climb up trees too.
