

It is important in academic study to continuously review your progress and to set goals for the future. This enables you to assess how well you have done in meeting your goals and to re-evaluate new ones. It is also an important step to becoming an independent learner at university.

TASK 1 Reviewing progress

1 Complete the mind maps below with new language, skills, and strategies you have learnt using *Oxford EAP*.

2 Think back to the start of the course. Answer questions 1 and 2.

- 1 Have you made as much progress as you hoped?
- 2 Which skill do you think you have improved the most?

TASK 2 Goal setting

1 Look at the skills and language you noted in Task 1. Which skills would you like to improve the most? Complete the table.

Area	Aims
