

Worksheet 1: The cowboy days

Using the worksheet

- This worksheet practises vocabulary about the American Wild West: *jail, sheriff, robbers, wagon, handcuffs, barrel, pistol, saddle, rope*.
- Students work individually or in pairs. They write the words under the pictures.
- They then read the definitions and complete the crossword.
- Check that students know the meaning of *pull along* and *wrist*.

KEY: Activity 1: **2** saddle, **3** rope, **4** robber, **5** pistol, **6** handcuffs, **7** jail, **8** wagon, **9** sheriff;
Activity 2:

Optional follow-up activity: Demonstrate how to play a Spelling bee game. Divide the class into two teams. Make a list of an even number of words from the unit. Say a word, e.g. *handcuffs*, and ask a student from one team to spell it out loud or write it on the board. If the spelling is correct, the student scores two points for their team. If it is incorrect, a volunteer from the other team can correct the spelling and score a point. Continue, alternating between teams, until all the words have been spelled correctly.

Worksheet 2: What is it ... ?

Using the worksheet

- This worksheet practises *be made of* and *be used for + ing*. It also revises vocabulary from the first five units of the Student's Book.
- Students work individually or in pairs to complete the sentences using the words from the box.
- Students then read the descriptions and write the names of the objects.

KEY: Activity 1: **2** metal, cooking; **3** made of, looking; **4** used for, wood; **5** leather, used for carrying; **6** made of wood, drawing; Activity 2: **2** gloves, **3** vase, **4** chopsticks, **5** knife, **6** barrel

Optional follow-up activity: Demonstrate how to play the Three things game (see Introduction). Put students into two groups. Write a category on the board, e.g. *Things made of wood*. The first group to think of three things made of wood wins a point. Then continue the game using the following categories: things made of plastic, things made of cotton, things made of leather. Bonus points can also be given for the most surprising objects chosen.

Worksheet 3: Possession

Using the worksheet

- This worksheet practises the possessive apostrophe.
- Students work individually to read and correct the sentences. Make sure that students look at the pictures to help them with this. Students can then compare their answers.
- Students work individually or in pairs to write the plural forms of the sentences.

KEY: Activity 1: **2** Julie's scarf was a birthday present. **3** The robbers' pistols are new. **4** The cowboy's saddle is made of leather. **5** My brother's bass guitar is old; Activity 2: **2** The children's games are exciting. **3** The babies' hats are black. **4** The men's phones are expensive. **5** The women's books are interesting.

Optional follow-up activity: Students work in pairs. They describe objects that they can see in the class belonging to other students, but they must say things that are not true. Their partner listens carefully to the description and then corrects it, e.g. A: *Pablo's bag is black*. B: *No, that's not true. Pablo's bag is white*.

Worksheet 4: What was it made of?

Using the worksheet

- This worksheet extends the theme of materials used by Native Americans, using key *Think and learn* vocabulary.
- In pairs, students read the words on the first set of prompt cards. They then complete the blank cards with four more words that they know for materials used by Native Americans. They look at the photos of the objects in the second set of cards.
- Students cut out the material cards and the object cards, and put them in two piles face down in front of them.
- In pairs, students play a game. One student picks up two cards, one from the object pile and one from the material pile. They have to say whether the object shown was made of the material on the other card. If the answer is no, the student has to say instead what it was made of, e.g. *A skirt. Stones. No. A skirt wasn't made of stones, it was made of grasses*. Since there are more objects than materials, when students reach the end of the materials pile they shuffle the cards again and continue playing until all the object cards are used up.

Optional follow-up activity: Tell students to imagine they are Native Americans living in North America before the Europeans arrived. Ask them to draw three things that they own and to write a few sentences about them, e.g. *I have a big, warm rug. It is made of animal fur*.

Name:

Class:

1 Look and complete the words.

b arrel

S _____

r _____
